

In Country/In Region Scholarship Programme

Final selection 2023 (for intake 2023)

Institution/University/Network	University of Abomey-Calavi
--------------------------------	-----------------------------

The selection committee based its selection decision on the submitted applications and the shortlist as well as the shortlist report.

Unfortunately, the DAAD is not allowed to inform you about the reasons for the decisions of the selection committee.

Applicants will be informed promptly via the DAAD portal regarding the selection results.

If a scholarship holder withdraws or cannot accept the scholarship, please note that the selection committee has ranked the reserve candidates. In addition, it must always be taken into account whether the resignation concerns an In-Country or In-Region scholarship holder. As a rule, an In-Country can only be replaced by an In-Country and an In-Region can only be replaced by an In-Region (among other things, this is due to budgetary reasons).

If you are informed that a scholarship cannot be accepted, please ask the scholarship holder to inform us via the DAAD portal, otherwise we will not be able to transfer the scholarship to a reserve candidate.

If a reserve candidate can move up, the DAAD will contact him/her and in parallel exchange information with you regarding the entry date.

Due to budgetary reasons, the DAAD is not able to move up reserve candidates after a certain period of time after the regular start of the scholarship.

Master

DAAD

Name of the study programme	Master in Statistics, Major Biostatistics
Intended degree	Master
Starting date	01.09.2023

Master	In-Country	In-Region
Number of applications received in the DAAD Portal:	12	30
Number of applications excluded by DAAD due to formal reasons*	4	21
Number of eligible applications forwarded to the selection committee	8	9

* Formal exclusion criteria can be, among others, if the submitted documents are incomplete, because they do not meet the requirements of the Call for Scholarship application and, for example, the motivation letter or schedule are missing, or the documents are not in English. The grades of the last degree do not correspond to a Second Upper Division. The last degree is older than six years without demonstrable reason. Or the desired degree already exists.

Selected candidates: Master								
	Name	First name	Gender	Email Address	PKZ (internal DAAD system number)	In-Country	In-Region	Year of Study
1	Mumbu	Titus	Male	titusmuli96@gmail.com	91869086		x	1
